

NEUROPHENOMENOLOGY: Building a science of experience

Consciousness, subjective experience and neuroscience

January 21th – Santiago

January 22th – Valparaíso

- 09h00 Registration
- 09h30 **Camila Valenzuela (ISCV)**
Introduction
- 10h00 **Jean Philippe Lachaux (INSERM)**
Microcognitive science: bridging experiential and neuronal microdynamics
- 11h00 **Claire Petitmengin (Archives Husserl – I. Mines-Télécom)**
The vanishing structures of lived experience: towards a microgenetic neuro-phenomenology
- 12h00 Coffee Break
- 12h30 **Eugenio Rodriguez (PUC)**
Probing the mind with the mind or why I do not believe in Neurophenomenology
- 13h30 Lunch
- 15h00 **Natalie Depraz (Archives Husserl – U. de Rouen)**
Cardiophenomenology as a fruitful extension of neurophenomenology: some preliminary results about the micro-experience of surprise
- 16h00 **Diego Cosmelli (PUC)**
Sentience and biological organization: A critical view of Neurophenomenology
- 17h00 Closure & Coffee

- 10h00 Registration
- 10h30 **Cristobal Dañobietia (UNAM)**
Developing subjective reports in cognitive sciences: A phenomenological study of the *Iowa Gambling Task*
- 11h00 **Esteban Céspedes (ISCV)**
Some ideas on enactivism and the emergence of meaning
- 11h30 **Miguel Ángel Jimenez (PUC)**
Exploring the experience of complex performance in experts pianists: a preliminary report
- 12h00 Coffee Break
- 12h30 **Constanza Baquedano (PUC)**
How did you apply the instructions? Discovering what subjects are really doing in an experimental setting
- 13h00 **Alejandra Vásquez (PUC)**
Task switching & emotional interaction: a neurophenomenological perspective
- 13h30 Lunch
- 14h30 **Panel Discussion**
JP. Lachaux, C. Petitmengin, N. Depraz, E. Rodriguez
Moderated by GENf
- 17h00 Closure & Cocktail

SPEAKERS

Diego Cosmelli

Associated professor at the Psychology faculty of the Pontificia Universidad Católica de Chile. Subdirector of research and graduate studies of the School of Psychology of the Pontificia Universidad Católica de Chile. Associated researcher of Instituto Milenio para la Investigación en Depresión y Personalidad (MIDAP).

Natalie Depraz

Professor at the Université de Rouen and Associated Researcher of Archives Husserl -Ecole Normale Supérieure, Paris.

Jean Philippe Lachaux

Directeur de Recherches (DR2) at INSERM Lyon, France.

Claire Petitmengin

Professor at the Institut Mines-Télécom - Télécom Ecole de Management 9 and Associated Researcher of Archives Husserl - Ecole Normale Supérieure, Paris.

Eugenio Rodriguez

Associated professor at the Psychology faculty of the Pontificia Universidad Católica de Chile. Associated researcher of Instituto Milenio para la Investigación en Depresión y Personalidad (MIDAP).

Organized by Grupo de Estudios en Neurofenomenología (GENf)

Constanza Baquedano

Centro Interdisciplinario en Neurociencia, Pontificia Universidad Católica de Chile

Paulo Barraza

Centro de Investigación Avanzada en Educación, Universidad de Chile

Fernanda Medina

Instituto de Sistemas Complejos, Valparaíso

Camila Valenzuela

Instituto de Sistemas Complejos, Valparaíso

Alejandra Vásquez

Escuela de Psicología, Pontificia Universidad Católica de Chile
